Purpose: To discuss this year's deer culling

Attendance:

Council members: Natalie Wolf, J.K. Byar, Ed Hattenbach, Tom Muething, Bill Doering
Administration: Manager Scot Lahrmer, Chief Richard Wallace, Brian Blum

The committee reviewed previous year's deer culling practices and discussed the possibility of reevaluating Amberley's methodology in light of the fact that the Cincinnati Parks is now allowing bow hunting and charging for permits for their deer culling purposes.

Due to the time constraints imposed on this committee due to the election, a motion was made that Amberley should continue with the deer culling program that was previously used allowing culling of up to 50 deer. The motion passed unanimously.
